FORTHCOMING:

THE FRANCISCAN TRADITION I

The Franciscan Institute, located at St. Bonaventure University, engages in three principal areas of scholarly concern: teaching, research, and publication. Its publication program has long been recognized for its critical editions and translations of leading medieval Franciscan philosophers and theologians. In this first group of texts from the Institute, *The Franciscan Tradition I*, InteLex is proud to present critical editions of Latin texts from Duns Scotus O.F.M. (1265-1308) and William of Ockham O.F.M. (1287-347), as well as English translations of the works of St. Bonaventure (Giovanni di Fidanza O.F.M., 1221-1274) and Duns Scotus.

InteLex already offers important texts from the Franciscan tradition: *Francis of Assisi: Early Documents*—the foundational texts of the order—and *William of Ockham: The Work of Ninety Days: A defense of Franciscan Poverty against Pope John XXII*.

Future publications will include texts in Latin and English translation from friars such as Guidonis de Orchellis (d. 1230), Henry of Ghent (c. 1217-1293), John Pecham (13th century), Marcus of Orvieto (13th century), Peter of John Olivi (1248-1298), Peter Aureoli (c. 1280-1322), Walter Burleigh (1275-1337), Petrus Thomae (c. 1280-1340), Adam de Wodeham (c. 1300-1358) and Henrici de Werla (c. 1400-1463).

InteLex Corporation's *Past Masters* series encompasses the largest collection of full-text electronic editions in philosophy in the world. In the world of scholarly electronic publishing, InteLex continues to get it right, as they have from the beginning: working closely with scholarly editors, selecting high-quality editions to digitize, marking them up carefully and well according to international standards, and permitting libraries either to rent them over the Internet or to purchase, own and locally house them, as we do print editions—all at reasonable prices. I recommend InteLex databases to libraries wholeheartedly, not only because they are superior publications and a good deal, but also because InteLex is the kind of electronic publisher that academic libraries need most in the 21st century.
