IntelLex acquires and develops definitive editions of the full corpora of the seminal figures in the history of the human sciences, including their unpublished texts, articles, and correspondence. The *Past Masters* series has opened a new and exciting chapter in the history of scholarly research, and is now being utilized at over 200 research libraries in North America and Europe, and at over 1300 institutions in 46 countries worldwide.

In addition to *Past Masters: Collected Works*, IntelLex publishes *The English Letters Collection* and *The Women Writers Collection*. *The English Letters Collection* consists of the letters or correspondence and in some cases the notebooks, diaries, and memoirs of the most significant figures in the history of English literature, politics, culture, religion and the arts. *The Women Writers Collection* consists of primary works, letters, journals and notebooks from important women writers in the English language.
